📍 Dhaka, Bangladesh | 🌐 [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

CAREER OBJECTIVE

Fullstack Developer specializing in scalable SaaS platforms, AI-powered systems, dashboards, and modern web/mobile applications using Next.js, Node.js, Express.js, MongoDB, React Native, and Expo. 1.5+ years of hands-on experience building production-ready SaaS platforms, AI systems, dashboards, and mobile applications.

EXPERIENCE

Frontend Developer — Betopia Group (Sparktech Agency)

June 2025 – Present | 📍 Dhaka, Bangladesh

- Developed scalable and responsive web applications using React.js, Next.js, TypeScript, and Tailwind CSS. And mobile applications development with React Native and Expo.
- Worked on multiple production-level projects, including an LMS platform, real estate booking system, admin dashboard applications, and a luxury bag mobile application.
- Integrated frontend applications with REST APIs and collaborated closely with backend developers to ensure smooth data flow and system functionality.
- Maintained and improved existing applications by fixing bugs, optimizing performance, and implementing new features.

Fullstack Engineer Intern — NextVision (NxtVis)

Nov 2024 – April 2025 | 📍 Remote

- Built and maintained fullstack features for AI SaaS platforms, dashboard systems, and management applications.
- Developed dynamic dashboards with widgets, charts, analytics, and customizable themes.
- Engineered features for a School Management System including student payments, teacher attendance tracking, and admin analytics.
- Contributed to a Health AI System with user roles, prescriptions, booking, and chat functionality.
- Designed and implemented UI workflows for a CV Automation System with dynamic filters, previews, and PDF/XLSX export features.
